Users

PLATFORM HIGHLIGHTS

Virtual Live Classes with HD Video

Full LMS with Course Management

Smart Timetable & Slot Booking

Staff & Subject Administration

Real-time Reports & Analytics

Mobile App + PWA Support

Sanskrit colleges face significant barriers to digital education delivery

No Central Platform

Classes via fragmented tools — WhatsApp, Zoom, email — with no unified system.

Manual Scheduling

Timetables and slot bookings managed manually, causing conflicts and errors.

No eLearning Infrastructure

No digital library, assignments, or quizzes. Students lack structured learning paths.

Poor Visibility

Administration has no insight into attendance, faculty performance, or student progress.

VidyaSetu — One platform. All your academic needs.

A purpose-built web platform that unifies every aspect of Sanskrit college education — from administration to live teaching to eLearning — in a single, secure, mobile-ready portal.

Academic Operations

Staff · Subjects
Timetable · Slots

Reports

Admin

Staff Management

- ◆ Faculty profiles with qualifications & specializations
- ◆ Role-based access: Admin, HOD, Teacher, Guest Lecturer
- ◆ Attendance & availability calendar
- ◆ Teaching load & workload analytics
- ◆ Credential & document management
- ◆ Performance & appraisal dashboards

Subject Management

- ◆ Curriculum builder with syllabus mapping
- ◆ Subject-to-teacher assignment & tracking
- ◆ Course material upload: PDF, video, audio
- ◆ Multi-language support (Sanskrit, English, Hindi)
- ◆ Prerequisite & co-requisite subject linking
- ◆ Subject-wise student progress tracking

Timetable Management

- ◆ Drag-and-drop visual timetable builder
- ◆ Conflict detection & auto-resolution
- ◆ Class, batch & section scheduling
- ◆ Holiday & academic calendar integration
- ◆ Export to PDF / share with students
- ◆ Substitute teacher assignment

Slot Management

- ◆ Flexible slot duration configuration
- ◆ Recurring & one-time session slots
- ◆ Student self-booking for elective classes
- ◆ Buffer time between sessions
- ◆ Booking confirmation & reminders (SMS/Email)
- ◆ Waitlist management

Live Virtual Learning Environment

A fully interactive classroom experience accessible from any browser or device.

HD Video Conferencing

WebRTC-based low-latency streaming with 500+ concurrent users support

Interactive Whiteboard

Real-time drawing, annotations and Sanskrit script support for teaching

Screen Sharing

Full screen or application sharing with annotation overlay tools

Session Recording

Auto-record classes for later playback; stored in secure cloud storage

Breakout Rooms

Split students into small groups for discussions and group projects

Live Engagement

Raise hand, live polls, Q&A board, and real-time attendance tracking

Full-Featured Learning Management System

Course Builder

Create structured courses with modules, lessons & resources. Upload PDFs, videos, audio.

Assignments & Quizzes

Auto-graded quizzes, manual assignments, and rubric-based assessments with instant feedback.

Discussion Forums

Threaded forums for peer learning, subject Q&A, and collaborative study groups.

Gamification

Points, badges & leaderboards reward consistent study. Certificates on course completion motivate students to stay engaged and achieve learning goals.

Mobile App + Offline

Native iOS/Android app. Download lessons for offline access in low-connectivity areas.

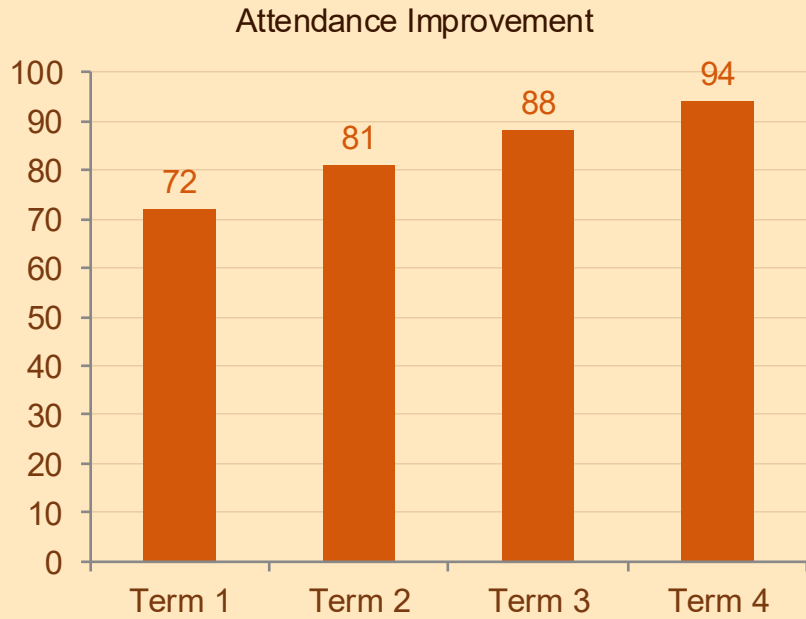

AI Study Recommendations

Adaptive quizzes and personalised learning paths based on each student's pace and progress.

Data-driven insights for smarter decisions

Attendance Reports

Daily, weekly, monthly by student, class, and subject

Performance Dashboard

Grades, quiz scores, and assignment completion rates

Faculty Analytics

Teaching hours, session quality, and availability

Exam & Assessment

Result tabulation with rank lists and progress trends

Export & Share

One-click export to Excel/PDF; email to parents or admin

Modern, scalable, cloud-ready architecture

Layer	Technology	Notes
Frontend	React.js + TypeScript (PWA)	Responsive, offline-capable web app
Backend	Node.js / Django REST API	Microservices, horizontally scalable
Video Engine	WebRTC + Jitsi / Agora SDK	500+ concurrent low-latency sessions
Database	PostgreSQL + Redis Cache	ACID-compliant with fast caching layer
Storage	AWS S3 / MinIO (India)	Media, recordings & document storage
Auth & Security	OAuth2 + JWT + SSO + 2FA	End-to-end TLS 1.3 encryption

14-week phased delivery plan

PHASE 01

Foundation

Weeks 1–4

- Staff, Subject & Admin modules
- Timetable & Slot management
- Role-based auth & user portal
- Admin console setup

PHASE 02

Virtual Classroom

Weeks 5–8

- Live HD video sessions
- Whiteboard & screen sharing
- Breakout rooms & recording
- Student attendance tracking

PHASE 03

eLearning Suite

Weeks 9–12

- LMS & course builder
- Assignments, quizzes, grading
- Discussion forums & gamification
- Mobile app (iOS + Android)

PHASE 04

Reports & Launch

Wks 13–14

- Analytics dashboards
- ERP/API integrations
- Staff training & UAT
- Go-live & support

VidyaSetu transforms the experience for every stakeholder

Students / Shishya

Learn anytime, anywhere — mobile & offline access

Personalised learning paths & AI study suggestions

Instant quiz feedback & assignment submissions

Gamified badges & leaderboards boost motivation

Peer forums for collaborative Sanskrit study

Reminders for classes, deadlines & results

Staff / Guru

Auto-generated timetable — zero scheduling conflicts

Upload notes, videos & assignments in one place

Record sessions for absent students to catch up

Track each student's progress at a glance

Digital attendance with one tap

Reduced admin load — more time to teach

College / Institution

Full visibility into operations & academic health

Lower costs vs. physical classrooms & travel

Centralised, secure data with audit trails

Expand reach to remote students across India

Automated reports for accreditation & compliance

Boost institutional prestige with digital excellence

Choose the plan that fits your institution's scale

Starter

Up to 200 users

- Staff & Subject Management
- Timetable & Slot Booking
